1. Introduction to zPoint Products

zPoint Products is a division of Techsol, a North American (NAFTA) corporation specializing in **low-cost embedded technology design and board fabrication**. We offer a variety of products and programs that will **save you money installing Building Automation Systems** using our **proven ZigBee-powered platform to mitigate risks**. In addition, our solutions provide both **energy cost savings** and **increased comfort and convenience** for your customers.

2. zPoint Products' Services News

This page offers information on zPoint Products Services developments.

2.1. New Service: In-house Production for Small Runs

zPoint Products has a state-of-the-art, precision, SMT production line. Featuring camera-vision plus laser-alignment technologies, it can place fine-pitch BGAs as well as tiny passive devices.

This line is intended to speed prototype development for custom designs, as well as supporting pilot-runs or other low-volume production for our customers.
